My tutor...

What aspects of this tutor's approach to teaching best helped your learning?

- Always there to provide valuable insight into whatever question we asked him.
- Extremely helpful and knowledgeable, Ryan was very committed to delivering a good learning experience and helped SO much with the assignments! This course would not have been able to run without him and I mean that wholeheartedly - THANK YOU FOR AN AMAZING SEMESTER!
- Great tutor ??
- He provided a lot of help with any of my problems, even if that meant looking at my code after class. Super nice and friendly as well!
- Really good tutor, knew his stuff and was nice.
- Ryan demonstrated a very in-depth understanding of the course and how to complete the distance ladder assignment
- Ryan was incredibly knowledgeable about the content and the coding skills required for the distance ladder project. He was very approachable and always happy to answer questions - he even stayed back after the classes to keep helping students.
- Very approachable and the right balance of helpful but not giving anything away.

What would you have liked this tutor to have done differently?

- Keep it up man!
- N/A
- No comment
- Spend a leeeetle less time on each group avoiding tangents here and there because when we talked to him it was great but it was hard getting ahold of him. Could also be solved by having an extra tutor
- nothing!
